

TUITION WAIVER APPLICATION

Please complete this form and return it by email to ljlopez@unm.edu. Once your application is reviewed, the String Lab School will contact you to inform you whether a tuition waiver can be offered. If approved, a discount code will be provided for use during registration. Please do not register until you receive a response. Please allow time for processing. The String Lab School is not responsible if a class fills up before a waiver is granted. Tuition waivers are limited and offered on a first-come, first-served basis. Typically, waivers cover 50% of the regular tuition rate, and a new application must be submitted annually.
